Electrical Contractor

Supplying | Services | Consulting | Contracting

Amol Electricals is one of the leading electrical contractors. As an electrical services company, Amol Electricals places great emphasis on its relationship with clients, private or commercial, and prides itself on the ability to respond to your contracting requirements in an efficient and cost effective way.

Founder of Amol Electricals, Mr. Amol R. Suryawanshi is an Electrical Engineer having 7 years experience & knowledge of supplying, commissioning & installation of electrical system for government as well as private sector.

**Our Business strategy is to build a long-term client relationship. We have attracted and retained clients by providing superior customer value-in fact; most of our work is repeat business from loyal clients. For our customers are soul and employees are backbone of the company. The reason behind our success is the consistent teamwork and strong support of our loyal client base. It was 2014 when this company came into existence as an Electrical Contracting Agency with an aim to deliver the best-in-industry solutions for clients. Today, we have evolved as a full-fledged turnkey solution provider with activities ranging from Substation, Internal & External Electrification and services like Energy Auditing, Liassoning etc. Together with our business associates and our esteemed clients, we are sure we will take AMOL ELECTRICALS. to greater heights. An organization headed by Qualified Electrical & Mech. Engineers having Experienced Supervisors, staff and licensed electricians. Equipped with requisite calibrated tools & Tackles.**

## safety... our most important matter

At Southern Electric, Safety is our primary concern. That's why we have a companywide goal of Zero injuries and accidents on every job we perform. Through constant reiteration of our safety procedures, immediate response to all unsafe acts, and positive reinforcement of safe behavior, we have been highly successful in reduction of higher-risk activities. Our Safety Record works for you with a reduction in our E.M.R. and lowered insurance costs, a savings which we pass on to the customer, as well as personal comfort of finishing each day accident free.

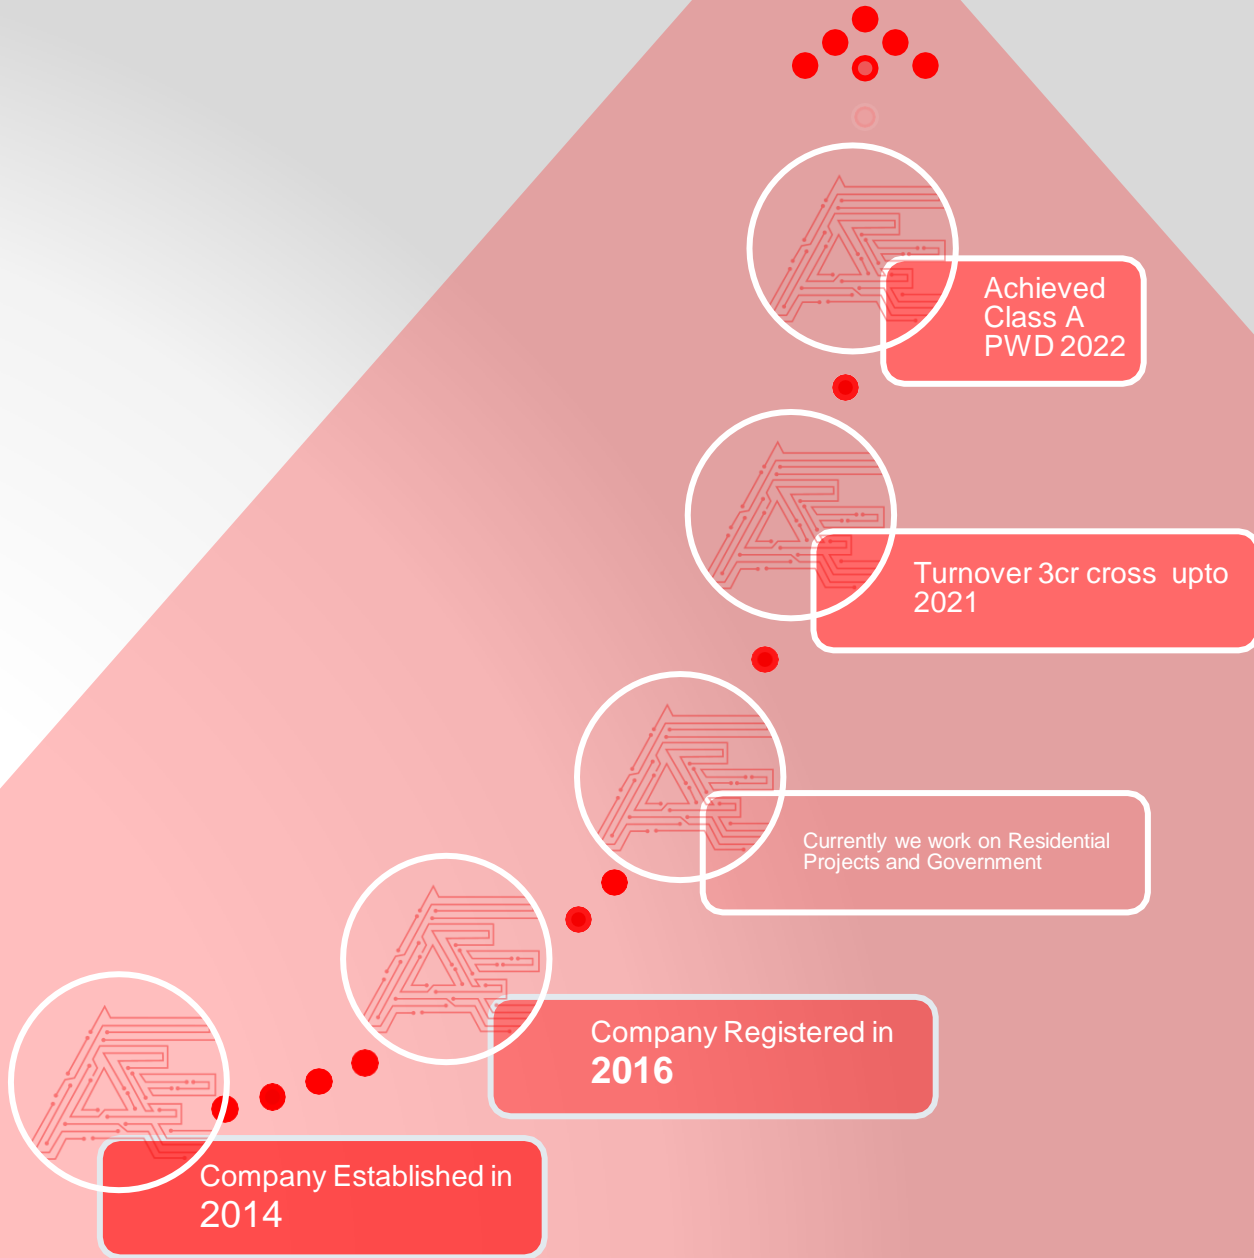

Southern Electric recognizes that safety is the most important aspect of our business. We owe it to both our customers and our employees to maintain the highest of standards when it comes to safe working conditions and methods.

Our Safety Committee is comprised of top-level management from all divisions, who work closely with Southern Electric Safety director and consultants to review and update current policies and procedures, to guarantee the highest possible level of safety performance.

As our company has grown, we have stepped up our efforts to ensure safety on each and every project, including a Safety Orientation for new personnel, and companywide Awareness and Incentive programs to promote a safe working environment ; and finally yearly safety orientation of ALL field and management personnel.

**"If a job cannot be performed in a safe manner, then we will not perform it until a safe alternative is derived."**

# COMPANY HISTORY

## OUR CORPORATE VALUES : ↘

### Safety

- Southern Electric is committed to its role as a leader for change, working to advance safety practices at project job sites and the safety culture within the electrical construction industry as a whole. We are committed to the continued development of our own internal safety organization as well as the advancement of safety management, education and training programs throughout the company.

### Integrity

- Customers, contractors, vendors, and suppliers will be able to count on Southern Electric's management and personnel to deal honestly and adhere to the strictest moral and ethical codes of business conduct.

### Quality

- Customers and clients will be able to count on Southern Electric's technical execution and workmanship to be among the highest in the industry.

### Dependability

- Customers, contractors, vendors, and suppliers will be able to count on Southern Electric's management and personnel to be reliable and trustworthy at every exchange.

### Customer Service

- Southern Electric is committed to total customer satisfaction. We pledge to meet or exceed customer expectations on every project.

### Community

- Southern Electric's commitment to the communities where we work and live will not waiver. We will continue to give back where needs are the greatest and where our convictions dictate, both corporately and personally.

### Employees

- Southern Electric recognizes that its greatest asset is its people. We pledge to treat each employee with honesty, and integrity, with all. We will offer competitive compensation packages and provide the best tools, equipment and training across each segment of the trade. We will maintain a corporate culture where new ideas and innovative thinking are welcome and rewarded

### Leadership & Innovation

- Southern Electric is committed to its role as an industry leader and innovator. Customers can rely on us to remain a step ahead of the curve regarding industry safety advancements and workforce training, to apply the latest proven technologies on their projects, and to be on the ground floor of industry standards for new and emerging markets.

### Versatility & Adaptability

- As a full service electrical contractor, Southern Electric will continue expanding its expertise and resources across all disciplines of electrical construction. We will make inroads into new and emerging markets and not shy away from that which is unique and challenging. We guarantee responsiveness and adaptability to change.

## OUR MISSION: □

To become one of the nation's top-ranking electrical contractors.

AMOL ELECTRICALS is committed to leading the-

industry in safety, workforce training and customer satisfaction. We will meet and exceed customer expectations through our full-line of electrical design, build and maintenance services, state-of-the-art technology and superior financial strength, completing projects on time and on budget. We will continue to Implement and incorporate NEW technologies as they develop in our industry and to pursue new and emerging markets that are driven by technology. We pledge to maintain our TEAM first business philosophies and pursue unique and challenging projects to help build a culture that fosters innovative thinking and strategic action.
